2022 Program Impact Report

2022 was a spectacular year for BroadFutures thanks to our amazing community!!! After 2 years of remote programming, we were thrilled to return to in-person activities and to move into our new offices at 2000 Pennsylvania Avenue. We trained, learned, grew, and created new friendships together. Our 2022 programs were a huge success for all!!! In addition to expanding our programs and partners, we welcomed many new donors and foundations, raising the largest amount of funds to date which we help to support our expansion efforts and ensuring the accessibility of our programs!!
